January Facts...:

1 The Romans called this month “January” after their god “Janus” who was god of gateways. Janus had two similar heads so he could look at both directions; one head looking back at the old year and one looking forward towards the new year. The birth-stone for January is the garnet and the flower associated with this month is the carnation. More couples separate or divorce during January than in any other month...

Starry Gemini hang like glorious crowns... Over Orion's grave low down in the West...

- Tennyson, “Maud”

February Facts....:

This month is named after a Roman purification ritual named “Februa”. This ritual was an early spring cleaning festival. In Old English, February was named “Solmonath” (Mud Month) or “Kale-Monath” (Cabbage Month). The word “February” is the most common misspelled word in the English language! February is the only month that can pass without a Full Moon phase. This occurs in 2018...
